

ENJOY THE VIBRANT COLOURS AND PATTERNS OF A PERFECT ISLAND GETAWAY – ALOHA by Warwick

Invoking the joy of sun-kissed shores, island breezes, and exotic florals, ALOHA is a holiday passport ready to be filled with beautiful tropical memories.

- **DESIGN:** ALOHA is a tropical fusion that combines a watercolour style with modern artistic exploration. It's a dynamic print where a spectrum of brush strokes, nature inspired motifs, fluttering friends and intricate details are synchronised, allowing the freshness and vibrancy of the tropics to become present in everyday life.
- **APPLICATION:** Flexible with a dual-purpose composition that will enhance residential spaces with its tropical allure. Ideal for use on furniture, drapery and soft furnishing where it can be an accent or the hero of the room. The dryness of the fabric will allow for pairing with various textures adding depth and interest while blending within both contemporary and traditional styles.
- **COLOURWAYS:** Capturing each season, sunrise and sunset, ALOHA has four exotic colourways that express the essence of a memorable holiday with a sophisticated medley of corals, pinks, purples, greens and mauve. Delicate variations of tones and intensity are layered with harmonising pigments, flowing together to allow brighter pops of colour to emerge with a jungle vibrancy.
- **RATING:** Part of the Warwick Naturally brand containing a minimum of 70% natural fibres.
- **CURATE:** A partnership with pattern where artists, styles and techniques can be explored using technology to inject printed designs that deliver on performance and personality.
