

WARWICK

HARMONISING COORDINATES WITH COUNTRY CHARISMA - ARLINGTON by Warwick

Overview: Our ARLINGTON collection offers a dual-purpose, mix and match selection of fabrics to compose your idyllic interior with country charm. Timeless and tonal heavy commercial fabrics create a rustic and homely space that will engage and endure.

- **Design:** Featuring a dry, textured handle with a soft matte sheen, ARLINGTON's timeless patterns and natural tones suit most interiors. These yarn-dyed jacquard weaves include a classic mid-scale check and stripe found in ARLINGTON and BRIXHAM. GRASMERE adds a small-scale grid and RATHLIN, a classic pinstripe. CHESHIRE brings balance to the collection offering a textured plain to tie the patterns together.
- **Application:** ARLINGTON is heavy commercial, fire tested, and features Halo easy-clean properties. This machine washable quality teamed with its harmonious nature make this range versatile and suited to everything from lampshades, cushions, drapery, upholstery and roman blinds.
- **Colourways:** Duckegg and Chai offer classic country tones to complement this timeless design style. Cornflower, Indigo and Paprika add bolder hues with a more transitional nature. Colours of Onyx and Dove bring the classic neutrals for a refined, sophisticated finish.
- **Rating:** This transitional selection of classic designs work harmoniously across the range to define your perfect setting with a relaxed and rustic nature. The ARLINGTON collection is machine washable and fire rated to AS1530.3, with a heavy commercial, dual-purpose rating and Halo easy clean properties. Timeless patterns and texture come together to create classic or contemporary pieces depending on their application and setting.
