

# WARWICK

A QUIET ALCHEMY OF TONE & TEXTURE, WOVEN WITH EVERYDAY APPEAL – BARDOT by Warwick

The BARDOT collection is an incredibly versatile drapery range showcasing a fluid intricate pattern that is notably subtle yet sophisticated.

- **DESIGN:** Developed as wide width, railroaded, continuous pattern, BARDOT has dramatic effect with its textural heaviness and scale. While restrained in design, its woven tonal pattern feels organic, and complemented with a dry hand feel that is soft and inviting.
- **APPLICATION:** BARDOT is applicable to both commercial and domestic installations that can be used with and without a lining depending on your desired outcome. BARDOT can be used to soften acoustics, dim out light or layered with sheers to create a hybrid lit room. Its 300cm wide format provides further flexibility for floor-to-ceiling curtains in a commercial setting or decorative roman blinds in traditional residential windows.
- **COLOURWAYS:** The colour palette for BARDOT is extensive, offering a diverse range that is thoughtfully curated. Warm, trend-driven hues such as yolk, terra, and blush, bring a contemporary vibrancy, while being harmoniously balanced with timeless classics and deeper, grounding shades like fern, denim, and steel. This considered range ensures versatility, making BARDOT a sophisticated choice for both modern and enduring interiors
- **RATING:** Oeko-Tex certified with an AS1530.3 fire rating.
