CAPRI

STRONG, SOFT AND SUMPTUOUS – CAPRI by Warwick

Overview: A harmonious fusion of texture and design, CAPRI is a stunning range that allows for the best of both worlds with a soft velvet touch and a beautifully woven appearance.

A luxurious fabric that is casual yet sophisticated, CAPRI's plush surface creates pure comfort while a comprehensive colour palette offers style and versatility. Protected by HALO characteristics, CAPRI can be opulent and rich yet still maintain a relaxed aesthetic with practical functionality.

- **Inspiration:** Drawing inspiration from the growing trend of textured plains, CAPRI offers a sumptuous handle with a warp knit construction that is perfectly balanced by a unique printed overlay creating the soft subtle woven appearance.
- **Application:** From scatters cushions in an array of contemporary shades to plush settings, arm chairs and matching ottomans, CAPRI is the ideal fabric for soft furnishings where casual sophistication is desired.
- **Colourways:** With a multipurpose colour palette of unifying hues, CAPRI is designed to suit both traditional and contemporary interiors. Key neutrals such as Stone and Dove are classic tones with a stylish feel, while shades of green like Sage and Forest offer a contemporary feel that is earthy yet refreshing. Terracotta and Merlot are rich hues that exhibit a strong sense of warmth and comfort, and Midnight and Pacific offer the colour palette moody blues for relaxed sophistication.
- **Rating:** Fire rated with HALO characteristics of high performance and easy cleanability, CAPRI is a robust plain with the added benefit of being Oeko-Tex certified, making it the perfect fabric for upholstery purposes in both residential and commercial environments.
