AUSTRALIAN-MADE, AND INSPIRED BY NATURE- JINDABYNE by Warwick

Overview: Inspired by well-known places across Australia, JINDABYNE is a contemporary Australian-made collection that features a range of small-scale geometric patterns and soft matte textures. Whether for residential or general commercial use, JINDABYNE offers a natural aesthetic that creates a relaxed and organic space.

- **Design:** Designed in Warwick's in-house studio, JINDABYNE features five small-scale designs with a yarn dyed jacquard weave and chenille yarns for a soft, matte finish while offering a colourful variety of nature inspired hues to brighten an interior. ECHUCA offers an eclectic geometric pattern; NORFOLK is a textured broken stripe; KARUMBA, a lined hexagonal pattern; SWANSEA, a stylised tortoise shell design; and JINDABYNE, a multi-coloured ticking stripe. The designs when styled together will help achieve an urban, casual look, perfectly suited to contemporary Australian living.
- **Application:** From sofas to smaller scale cushions and ottomans, JINDABYNE's multi-directional designs and relaxed, playful aesthetic allows for the collection to be easily used for upholstery application in residential and commercial spaces. With Oeko-Tex certification and Halo easy clean characteristics, JINDABYNE inspires a fresh, authentic and colourful aesthetic.
- **Colourways:** JINDABYNE offers four colour groups that are inspired by the natural elements and beauty found in Australia. Expressing the green and yellow pastures of the countryside are Fern and Manuka. Inspired by rich, red earth clay and dusky sunsets, Terracotta, Blush and Crimson are bound to liven and add warmth to a space. For a darker and neutral palette, Ebony, Oatmeal and Espresso embody the natural minerals and sand found on the beach. Lastly, for pops of blue, Surf and Navy represent the ocean and Australia's marine life.
- **Rating:** Australian-made and Oeko-Tex certified, JINDABYNE is a mix and match offering with just enough vibrance to liven up a space while retaining a natural aesthetic. JINDABYNE is a staple collection with Halo easy clean properties that brings a natural, fresh, and Australian feel to urban contemporary spaces.
