

WARWICK

THE URBAN CHOICE - NEWPORT by Warwick

Overview: Presenting a relaxed vibe with a fresh contemporary aesthetic, NEWPORT is a textured drapery plain that offers transitional style without compromising on modern characteristics.

A natural look fabric with a dry handle and beautifully tactile finish, NEWPORT's clean lines and tailored style creates an organic plain that is perfect for modern drapes in a usable 300cm width. Boasting a refined palette, NEWPORT is the ideal balance of texture and tone with an urban aesthetic that is casually sophisticated.

- Application: Featuring a two-tone effect, NEWPORT's polyester construction offers the features of visual texture and a tempting natural look with the added benefits of fire rating, washability and a usable 300cm wide width making it ideal for drapery, roman blinds, bedspreads and lampshades.
- Colourways: 16 contemporary tones offer a comprehensive neutral offering without ignoring the need for a splash of colour. Statement neutrals such as Magnesium and Gravel offer a bold aesthetic that is striking yet refined, while shades such as Ecru and Pumice are key neutrals that will incorporate into existing design schemes with ease. Trend highlights like Wasabi and Rosemist complete the palette with fashion focused colours that exhibit a fresh modern mood.
- Rating: Fire rated for both AS1530.2 and AS1530.3 and Oeko-Tex certified with the added benefit of easy washability, NEWPORT is a transitional plain that offers an expansive wide width of 300cm. This textured plain is perfect for drapery applications in both residential and commercial settings.
