

WARWICK

AIR BETWEEN THREADS FOR SOFTLY FILTERED LIGHT - SYROS by Warwick

SYROS enhances the beauty of natural light with its soft and casual aesthetic, bringing a sense of effortless simplicity to spaces where texture and tone speak in quiet, refined layers.

- **DESIGN:** Woven with 50% recycled fibres, SYROS reflects a mindful approach to modern design where its subtle details create timeless appeal. Using muted multi-tone threads, it is a sheer drape that is accentuated with a dry finish, soft handfeel and stria styled detail and comes in a wide-width 320cm format.
- **APPLICATION:** Ideal for softening harsh sunlight to create an inviting ambiance while allowing the space to feel bright and airy. SYROS can be layered with heavier curtains for added insulation and control over light and privacy when needed. Perfect for puddling or floating with a neatly finished self-weighted hem.
- **COLOURWAYS:** SYROS is offered in a considered palette of neutrals and tonal hues that balance timeless elegance with contemporary flair. Core shades are grounded in soft neutrals and enriched with deeper tones for added depth and contrast, while expressive pastels introduce a delicate yet distinctive play of colour.
- **RATING:** Certified for quality management system ISO9001 with Oeko-Tex certification and AS1530.3 and AS1530.2 fire ratings. Part of the Warwick Encore brand where a minimum of 50% recycled yarn is required to receive the Encore endorsement.
