

WARWICK

VELINA

A SOFTER APPROACH TO INTERIOR REFINEMENT, DEFINED BY QUIET BEAUTY - VELINA by Warwick

VELINA explores a more relaxed expression of contemporary design, where refinement feels natural rather than formal. Its quiet presence creates a sense of comfort while allowing architecture, furniture and objects to come forward, becoming part of the atmosphere rather than defining it.

- **DESIGN:** An intricate weave creates VELINA'S subtle slubbed surface, while variation through the warp lends a softly mottled appearance. Piece dyeing allows each fibre to absorb colour differently, creating gentle tonal shifts, while the cotton lends an exceptional softness that translates through its appearance.
- **APPLICATION:** As a textured solid, VELINA brings subtle interest to drapery while layering effortlessly alongside pattern, material and form. Its gentle character lends itself to both relaxed and tailored window treatments, as well as soft furnishings for a cohesive interior expression.
- **COLOURWAYS:** Inspired by the gentle tones of coastal landscapes, the palette spans essential neutrals alongside softer, more expressive shades. Familiar hues drawn from sand, shell, driftwood and weathered stone are complemented by subtle sea-foam and lichen tones, introducing a considered touch of colour while remaining easy to layer.
- **RATING:** Oeko-Tex certified.
