

WARWICK

PLAINLY PERFECT - Antila by Warwick

Overview: Introducing Warwick's new textured plain ANTILA. A highly durable, piece dyed woven fabric that easily accommodates both the contemporary and classic aesthetic. Adding a sense of style and occasion to high traffic areas, this matte texture is both soft and plush yet extremely hardwearing.

- Inspiration: Integrating an eye-catching tonal effect for added appeal, ANTILA meets the current demand for cosy, rich and soft textured plains.
- Application: Woven to precise specifications and tested to exacting standards for colourfastness, abrasion and stain resistance, this Halo textured plain is tailor made for user friendly upholstery. At home on a modular sofa or making a statement in a commercial space, ANTILA brings a level of soft touch for those wanting a sophisticated look without the worry.
- Colourways: Firm neutral favourites such as Pumice, Chocolate and Pewter will add life and inspiration to any interior. While fresh, vibrant colours including Celery, Reef and Old Rose lend this textured plain to a more modern sensibility.
- Rating: ANTILA meets heavy commercial upholstery standards, is FR tested and Oeko-Tex certified. It also provides the added protection of Halo properties, including impressive durability and easy to clean characteristics.
