WARWICK

AVANT-GARDE REIMAGINED FOR A CONTEMPORARY SETTING – BAUHAUS by Warwick

Named after the iconic design school in Germany, BAUHAUS is a transitional, dual-purpose collection that redefines creativity with a bold, mid-century inspired pattern creating a nostalgic statement with a progressive impression.

- **DESIGN:** Inspired by a movement that is recognised through synthesising form, function and artistic elements, BAUHAUS has been created using digital technology and fibre intricacy to print onto a plain, jacquard woven base cloth, creating an expressive faux texture with a slight washed effect. The bold, experimental shapes are an artistic evolution, celebrating an abstract movement with beautiful coordination.
- **APPLICATION:** The BAUHAUS pattern is perfect to create an iconic, distinct and energized statement in residential and general commercial spaces where uniqueness and trend are required. With the ability to use across furniture and drapery, BAUHAUS is a design exploration of the past, reimagined for a contemporary setting.
- **COLOURWAYS:** The four colourways for BAUHAUS are an extension of an avant-garde primary palette transformed with muted modernist tones. Affogato blends colours such as caramel, taupe and black to create an earthen palette. Seaglass embodies watery blues and glass like greens. Teak provides the richness of berry and walnut complimented with soft delicate blush, and lastly Mineral, the sleek palette of timeless greys and black.
- **RATING:** With a AS1530.3 fire rating and Oeko-Tex certification, BAUHAUS is washable with Halo easy-clean benefits and certified for quality management system ISO9001.
