BERGE

RELAXED & INVITING – BERGE by Warwick

Overview: An Australian Made range with a relaxed and inviting aesthetic, BERGE combines natural and man-made fibres to create a timeless plain with organic textures and enhanced durability.

Perfect for both traditional and contemporary interiors, this textural range boasts a soft, dry handle with a plush chenille yarn that adds depth and personality. Available in a comprehensive selection of sophisticated shades, BERGE offers a sense of casual comfort without compromising on style.

- **Application:** Featuring a silky chenille structure that offers tempting surface feel with a subtle pop of colour, BERGE is ideal for plush sofas, accent cushions and sophisticated armchairs in both residential and commercial settings.
- **Colourways:** Key neutrals such as Biscuit and Mushroom are beautiful base colours with a classic feel, while bright colours like Apple and Lagoon offer refreshing green tones for a bright modern edge. Rich shades like Crimson and Paprika are warm and welcoming while blue tones such as Cloud and Atlantis provide an aesthetic that is cool and calm. While Dijon and Acacia, offering soft yellow and golden tones perfect for highlights and accents.
- **Rating:** A natural look fabric with the added benefit of enhanced durability, BERGE is an Australian made collection that is Oeko-Tex certified, making it the ideal fabric for upholstery purposes in both heavy domestic and general commercial settings.
