

WARWICK

A FLORAL REVIVAL TO PAINT THE ROOM WITH STYLE - BIRDWOOD by WARWICK

Big, bold, and beautifully reimagined, BIRDWOOD channels a 70's nostalgia through its dynamic design and a perfect balance of scale and sophistication.

- **DESIGN:** Unleashing the power of oversized blooms, BIRDWOOD has been designed with a fresh, hand-painted style. Creating a throwback aesthetic that is fashion forward showcasing expressive flower forms and layered simplified leaves. The overall look combines drama with artistic depth and movement.
- **APPLICATION:** A dual-purpose composition that will elevate residential spaces. BIRDWOOD is 100% cotton and ironically bold making it applicable to furniture, drapery and soft furnishing accents, or a hero feature showing off its large-scale print. The dryness of the fabric will allow for pairing with various textures and natural materials such as timber or coloured metal where historic design styles play with contemporary reinterpretation.
- **COLOURWAYS:** BIRDWOOD'S colour palette embraces retro-futurism using earthy tones alongside accents of citrus, sapphire, plum, and persimmon. Its palette is simplified but focuses on delivering rich, design-led hues balancing vibrancy with modern design appreciation.
- **RATING:** Oeko-Tex certified and part of the Warwick Naturally brand containing a minimum of 70% natural fibres.
- **CURATE:** A partnership with pattern where artists, styles and techniques are explored. Designs are injected with personality and deliver on performance.
