

WARWICK

TIME HONOURED DESIGNS - Villandry by Warwick

Overview: A celebration of traditional European art and design, VILLANDRY offers layers of design solutions for traditional and classic interiors with 9 designs and 6 colourways across decorative and plain fabrics that are both nostalgic and enchanting. This exclusive, internationally sourced fabric collection is available by pre-order only through our showrooms.

- Inspiration: French romanticism and European history have a significant influence on this diverse library of fabrics.
- Application: Graceful designs with flourishes of historical significance update feature pieces of upholstery and cushions while flowing prints and naturally textured plains are an elegant solution for drapery across a range of interior design schemes.
- Design: Delicately lined toile scenes and hand painted watercolour florals are digitally printed to accurately represent each painterly stroke. Formal stripes can pair with embossed patterns to soften a space while gentle plains and classic prints offer indulgent window treatments.
- Colourways: A restrained palette incorporates traditional Bleu, Carbon, Sepia and Cream while transitional colours of Aubergine, Terracotta and Celadon complement classic and vintage design schemes.
