WARWICK

VERSATILE WEAVES, TACTILE AND VIGOROUS - FOSTER by Warwick

Overview: Raw, relaxed and robust. Just a few words to describe our FOSTER range. This transitional small-scale basket weave brings comfort and tactility to a multitude of residential and commercial upholstery applications.

- Design: FOSTER's chunky cationic yarns are piece-dyed and give this fabric its
 weighty handle and organic tone. With its heavy commercial rating and HALO easyclean properties, FOSTER's matte finish adds a raw aesthetic to most upholstery
 applications. Fire rated with an Oeko-Tex certification, FOSTER is perfect for bringing
 tenacious texture to any environment.
- Application: Versatile and vigorous, this transitional texture comes in a selection
 of carefully considered colours to encompass an array of spaces. With its mottled,
 matte tone and soft-touch handle, FOSTER is suited to everything from casual scatter
 cushions and ottomans to small and large-scale upholstery.
- Colourways: Adaptably toned, FOSTER comes in 12 refined and relaxing colourways
 that mingle their way into most residential and commercial situations. For classic
 natural hues see Nougat, Sesame and Flax. Adding more contemporary colours to
 this collection are Java, Coal and Driftwood. Bringing modern, trending tones to the
 mix are skus of Forest, Zest and Scarlet.
- Rating: Fire rated to AS1530.3 standards with an Oeko-Tex certification, FOSTER
 features HALO easy-clean properties and a heavy commercial rating. This
 combination makes it a tantalizing addition to any interior adding worry free tactility
 and versatile tone with its classic basket weave style.
