EMBRACE THE BEAUTY OF THE WILD WITH LUXURY ANIMAL PRINTS - NASIR by Warwick

Bring the beauty of the wild indoors with NASIR. Warwick Naturally and dual-purpose, NASIR is a contemporary animal print that brings adventurous, fun moods while offering sophistication and moody styles for both modern residential and urban commercial interiors.

- **DESIGN:** In two transitional and distinct designs, NASIR is digitally printed on a pure cotton base cloth which softens the print, while its dry weave brings a textured and slightly faded appearance. Featured in this collection to create unique looks with a modern twist on classic animal prints, NASIR is a sophisticated zebra pattern, while KENJI offers a more playful, yet daring leopard print that is bound to make a statement.
- **APPLICATION:** Dual-purpose and durable in nature, NASIR will bring sophistication and modern classic styles to array of spaces. Oeko-Tex certified, NASIR's versatility and fun pattern makes this collection ideal for creating statement drapery, sofas and ottomans, as well as alluring cushions and lampshades.
- **COLOURWAYS:** In six enticing colourways, NASIR offers a shade that will create a myriad of moods. On the warmer side of the palette, Berry and Watermelon bring a soft, alluring feel, while its cooler tones of Sapphire and Mallard are perfect for creating moody, elegant styles. For prints true to their natural colouring, Natural and Copper are classic options for bold, wilderness-inspired themes to escape into.
- **RATING:** Warwick Naturally with Oeko-Tex certification, NASIR is a dual-purpose and versatile fabric that is suitable for commercial and residential applications. Stylish and bold, NASIR's designs and fashionable colourways allow for an array of moods and styles to be created — especially for those looking to add character and wanting to make a statement.
