Rivoli

Art Deco revisited

Rivoli Collection featuring Worthington Leg Raw (Custom Stain) on sofa

The names Rivoli, Leederville and Astor are synonymous with Australia's decorative and architectural style of the period 1925-1940, characterized by geometric designs and bold colors.

Our new 'Art Deco revisited' collection of Australian woven jacquards embraces designs that are at home in either classic or contemporary lifestyles. Teamed with the tough and versatile 'Bendigo' plain, each design is a yarn dyed* chenille* fabric, woven and licensed as part of our ongoing commitment to Australian Made furnishings and tested to General Domestic Performance standards. They also join our extensive group of Halo fabrics, tested to exacting standards for colourfastness, abrasion, inherent stain resistance and safety*.

Halo fabrics are also resistant to pilling, mould and mildew and impervious to attack by moths, silverfish and insect pests. 'Halo' is the Warwick hallmark for high performance easy clean fabrics. They are also compatible with independent retail fabric protection and guarantee programs. These programs enhance the fabric's ability to resist liquid staining by providing a spill repellent surface and/or warranties to cover accidental damage.

* Yarn Dyed – Yarn colours are individually dyed prior to weaving.

* 'Chenille' – Often mistakenly referred to as a fibre, comes from the French word for caterpillar due to its characteristic soft touch yarn construction.

* Tested for absence of Free Formaldehyde (ISO14184-1:1998)
