CONTEMPORARY CUBISM with LEGER by Warwick

Overview: Warwick's latest upholstery collection, LEGER, is for those seeking a fresh take on contemporary interiors. Drawing inspiration from the eclectic work of cubist artists, this collection combines bold geometric design with a diverse colour palette to create a beautifully tactile and decorative look. Perfect for cushions and upholstery, LEGER exudes a lively aesthetic that will create a striking style statement in any interior.

- **Inspiration:** Inspired by the intricate and bold designs of influential cubist art movement, LEGER offers a modern interpretation of ethnic trends. This collection is a celebration of geometrics, combining colour, texture and design to create a fabric that is daring and unique.
- **Application:** Developed with modern homes in mind, LEGER is ideal for upholstery applications, including ottomans, cushions and bedheads. This contemporary collection offers a vibrant aesthetic that can be used in a colourful abundance or, in small accents, for a striking style statement.
- **Design:** Featuring contemporary designs with a strong geometric story, this collection combines the organic squares of JANCO with the bold stripes of LEGER in an aesthetic that is vibrant and captivating. The jacquard weave comprised of chenille yarns creates a lovely tactile texture and a soft handle.
- **Colourways:** Gentle neutral tones complement dynamic colours in this diverse palette of cool and warm shades. Graphite, Ebony, Natural and Pumice offer subtle accents that can be easily incorporated into interiors, while Citrus, Fiesta, Sage and Sky provide a splash of colour that will enliven and revive a space.
- **Rating:** As part of Warwick's Halo easy clean range, LEGER has been constructed to general domestic standards and tested for colourfastness, abrasion and stain resistance.
