## LUXE BOUCLE FOR COSY COCOON-LIKE INTERIORS- OVIS by Warwick

**OVERVIEW:** Soft and cosy, OVIS is a plain boucle that offers a mix of colourways to get creative in a space. Contemporary and inviting, OVIS is a richly textured, luxe fabric that is ideal for a warm, modern residential and trendy commercial interior.

- **DESIGN:** OVIS is a yarn dyed, plain boucle - its boucle yarns creating a sumptuous, soft-touch texture that is perfect for comfortable, inviting and luxe upholstery. Fluffy with a subtle sheen, OVIS is a tactile and textured fabric that is not only visually appealing, but modern and durable.
- **APPLICATION:** This heavy commercial, slubbed fabric is soft to touch and offers durability and is FR certified, making OVIS ideal for upholstered sofas and ottomans, as well as cosy cushions. OVIS can be used to create a cocoon-like interior with chunky, dimensional tactility while bringing a sense of warmth and sophistication to both residential and commercial spaces.
- **COLOURWAYS:** In ten complementary colourways, OVIS has a hue to suit an array of moods. For a soft and classic aesthetic, Ivory, Nougat, Ecu and Pumice are staple colours that mimic the look of wool, while Umber, Spruce and Midnight are rich jewel tones that are on-trend. Lastly, drawn from mineral colours of rock, sand and stone, contrasting colours such as Cocoa, Onyx and Steel are neutral yet bold, creating darker options that are flattering in modern spaces.
- **RATING:** Heavy commercial and FR tested, OVIS is a perfect compositional blend with a hint of natural fibres, making it soft, durable and ideal in high traffic commercial spaces. This on-trend fabric brings a classic and cosy, yet neutral aesthetic when used for creating statement upholstery furniture.
