

WARWICK

A CORSAGE OF CLASSIC FLORALS - PENELOPE by Warwick

Overview: With a transitional large-scale pattern and modernised colour palette, PENELOPE gives a fresh update to traditional English florals. PENELOPE presents a versatile print on a dual-purpose cloth where the intuitive mark making is brought to life by the texture of the 100% cotton base.

- Inspiration: This watercolour design draws classic influence from British Colonial styling. The soft matte finish showcases PENELOPE's spirit and technique behind its relaxed, painterly design.
- Design: This 100% cotton plain weave joins the Warwick Naturally brand with a gentle, dry handle and relaxed casual nature. The transitional oversized print adds a contemporary edge to a classic floral that can easily adapt to any space.
- Application: PENELOPE features an expressive botanical with a general commercial rating and dual-purpose properties. This fabric is suited to lampshades, cushions, drapery and upholstery in all scales – bringing movement and charm to most interiors with its whimsical watercolour design.
- Colourways: Tonal and transitional, PENELOPE comes in three colourways. Rosewater features a classic white base with contrasting hues of magenta, citrus green and cornflower blue. Maple presents native greens, rusts of pinks and pops of burgundy against a slate grey base. Bluebell combines a stone-grey base with dewy blue hues, army greens and a pinch of violet. Each colourway portrays a selection of modern colours that pair back perfectly with plain ranges Husk, Malabar and Plinth.
- Rating: PENELOPE is dual-purpose with a general commercial rating and Oeko-Tex certification. This Warwick Naturally fabric is 100% cotton - combining classic English florals, contemporary watercolours and a large-scale print to achieve a transitional mood. Adding a relaxed atmosphere and sought after timelessness, PENELOPE melds to an array of interior applications, large or small.
