Featuring a unique structured weave, TEMPEST adds a modern yet classic touch to both residential and commercial environments.

- **Inspiration:** A precise reflection of its name, TEMPEST is inspired by the essence of a powerful and windy storm. With an undulating design and stormy hues, TEMPEST offers captivating, yet effortless style.
- **Application:** Featuring a structured weave and 3D texture, TEMPEST exudes quality and drapery elegance in both residential and commercial settings. Due to its contemporary design TEMPEST best suits headings that create an appearance of minimal fullness such as s-fold and eyelet. The beautiful sheen finish also creates a stylish accent for interiors, perfect for plush cushions and luxurious lampshades.
- **Design:** A delicate geometric design is woven in a repetitive pattern upon a silky polyester base, providing a structured, tactile fabric. Dreamy hues further enhance the sophisticated feel of the range, creating an aesthetic that is relaxed, yet refined.
- **Colourways:** With a versatile and complementary colour palette, TEMPEST is well suited to modern interiors. Beautifully wispy natural tones of Pearl, Ivory and Sand are easily blended into existing colour schemes, while Taupe and Charcoal offer a slightly darker contrast to the range.
- **Rating:** An FR rated decorative drapery fabric that will add captivating sophistication to residential and commercial settings.
