

THOMAS MAXWELL

ARTISAN LEATHERS

TM Lavelle

Global Selection

Lavelle is a surface grain leather, lightly buffed and finished with oils and natural waxes, then lightly pigmented to achieve its silky two tone dimension. Colour selections are designed to enhance the most sophisticated living space for use in both heavy domestic and general commercial applications.

All Thomas Maxwell Leathers are Bovine Cattle hides, of premium European selection, tanned in Italy. To ensure all leathers are supplied to the best possible quality, each hide is specially rolled on cardboard tubes (not folded). This protects against creasing and marking in shipment. Each hide is individually stamped with the Thomas Maxwell hallmark to confirm its authenticity.

All Thomas Maxwell leathers are tested in accordance with stringent international standards by LASRA and AWTa.
