

WARWICK

LIVE THE SUITE LIFE IN LUXURY VELVETS - PLAZA by Warwick

Overview: A soft, cut velvet texture in a vast array of bold colourways, PLAZA is an alluring and luxurious collection that features transitional art deco inspired geometrics. Suited for both elegant residential spaces and glamorous commercial interiors, PLAZA creates a rich and glamorous aesthetic.

- **Design:** Inspired by opulent hotels around the world, PLAZA is a soft touch, knitted jacquard weave fabric with the plush texture of a traditional cut velvet. In four small-scale geometrics, PLAZA is a modern take on different design styles throughout history. WALDORF is a herringbone, FAIRMONT an optical geometric, GRAND a classic art deco motif, and PLAZA, an angular geometric. Each design will instantly bring a rich and lavish aesthetic into any interior.
- **Application:** With its soft pile and dense construction, and heavy commercial durability, PLAZA is ideal for use in extravagant commercial spaces, as well as dazzling residential homes. Oeko-Tex certified and fire rated with Halo easy clean characteristics, PLAZA is ideal for upholstery of all scales, from feature ottomans to large and sumptuous modular sofas.
- **Colourways:** In eleven glamorous colourways, PLAZA offers a balance of classic neutrals and jewel toned hues that can be adapted to work in any existing or new interior spaces. Bold and striking colours are found in Zest, Teal and Terracotta. For a more classic and glamorous aesthetic, explore the rich hues of Forest, Navy, Crimson and Onyx. For a softer and more muted look, interiors can be styled with serene tones of Ivory, Sand and Duck Egg.
- **Rating:** With a Halo easy clean nature and Oeko-Tex certification, PLAZA is AS1530.3 fire rated and heavy commercial in durability, lending itself perfectly to high traffic residential and commercial spaces. PLAZA offers an expansive line of colours and patterns to choose from, making it easy to mix and match, creating a lux and elegant interior.
