Pattern	Plain
Texture	Woven
Characteristics	Available in trend colours Perfect size for throwing across your sofa Thick and toasty
Fringe Length (cm)	8
FIAA Care Label	Homewares - Cushions and Throws - Dry Clean Only

Throws Information

Throw Care Guide

Weave throws are knitted or woven from premium cotton, wool or wool blend fibres. Care instructions will differ depending on the composition and style of the throw. Always refer to the care label before attempting any cleaning! Treat spills and stains as soon as possible to make stain removal easier and minimise the risk of permanent damage.

Cleaning your Cotton Throw

For cleaning 100% cotton knitted throws, such as Solano, we recommend the following: HM = machine wash. Gentle cold machine wash. Wash with like colours. Lie flat to dry. Do not tumble dry. Cool iron on reverse. Dry-cleanable.

Cleaning Your Wool Throw

Don't be tempted to take matters into your own hands, we recommend dry-cleaning our wool and wool blend throws. Wool fibre is naturally odour and stain resistant, so these throws may not need to be cleaned often. Wool fibres are however sensitive to water temperature and are prone to shrinkage and felting, so they do require dry cleaning. Care Label: HD = Dry-clean only
